

# **JOB VACANCY ANNOUNCEMENT**

## **\*\*\*\*2006 Student Career Experience Program (SCEP) Program\*\*\*\***

### **ATTENTION: College students**

**Position located at:** Defense Information Sys Agency (DISA)  
Joint Interoperability Test Command (JITC)  
Fort Huachuca, AZ 85613-7020

**Opening Date:** 13 March 2006

**Closing Date:** 17 March 2006

*For Co-op Program: Must be a junior or senior conferring a 4-year degree*

DISA/Joint Interoperability Test Command, Fort Huachuca, AZ is looking for Freshman, Sophomore or Junior level college student to join its team. The DISA Co-op Program offers full or part time employment positions which provide experience that is directly related to the student's educational program and career goals. Successful completion of the program may offer students the opportunity for a non-competitive conversion to a permanent position or an intern position with promotion potential.

**Salary:** Salary determined by experience and education (\$9.42 - 15.03 per hour)

**Benefits:** Health, Life, and Annual/Sick Leave

### **Program Requirements:**

- . Enrolled at least part-time (as defined by the college or university) in a degree seeking program
- . Maintain a GPA of 2.0 or higher
- . Program of study directly related to the student's education program and career goals
- . Signed written agreement by all parties to include DISA, the school and the student
- . Ability to obtain and maintain a security clearance
- . U.S. Citizen

### **Non-competitive Conversion Requirements (for Co-op student):**

- . Complete course requirements conferring a 4-year degree
- . Complete at least 640 hours of career-related work prior to graduation
- . Favorable recommendation by DISA management

**For additional information:** Ms. Michelle McCaa  
(520) 538-5179

**Interested applicants should mail a resume and transcript to:**

DISA/JITC  
Resource Management Division  
P.O. Box 12798  
Attn: Ms Michelle McCaa  
Ft. Huachuca, Az 85650

**Employer Profile:**

The Joint Interoperability Test Command (JITC) is a component of the Defense Information Systems Agency (DISA). It conducts testing of National Security Systems and Information Technology Systems [(NSS/ITS), formerly known as C4I] hardware, software and components. JITC provides one-stop systems testing; testing services include developmental, conformance, interoperability, operational and validation. Located in Fort Huachuca, Arizona and Indian Head, Maryland, JITC can interface all of its on-site capabilities and network with any other testing or operational facility worldwide.
